ANESTHETIC RELEASE FORM

Cat's Name: _____ Age: _____

Procedure to be performed: _____

Prior to being anesthetized, a physical exam (Approx. \$44) may be required for your cat. We also require that cats are current on at least their Feline Distemper vaccination (Approx. \$15.75). Proof will be required at the time of check in. We also recommend a Rabies vaccination since it is an Arkansas state law (Approx \$25.50). Please ask if you are unsure if this applies to your cat(s). Payment is due at the time the services are rendered.

Did you keep your cat off food and water for at least 12 hours? YES NO

Is your cat on any medication? If yes, please explain: _____ YES NO

When was flea and tick prevention last given and what type? _____ YES NO

Our kennel has a "NO FLEAS OR TICKS" policy. If your cat is examined and found to have fleas or ticks, they will be treated at an additional cost. It ranges from \$9.00 - \$28.00 per dose per cat.

Has your cat seemed healthy to you? YES NO

Is there anything else we should know about your cat? _____ YES NO

Recommended for ALL ages, especially senior cats (10 years +) :

We recommend performing a presurgical screening (an EKG, and lab tests to evaluate the liver and kidneys) BEFORE using any anesthetic (unless these tests were already performed in the last 30 days). These tests allow us to see "inside" your cat and make informed decisions about the best way to treat him/her medically. Do we have your permission to perform these optional tests?

(\$50.00 for EKG and Serum Chemistry Panel) YES NO

While your cat is anesthetized, would you like us to perform any of the following procedures? Please mark if Yes:

_____ Home Again Microchip Placement (\$40.00)

_____ Pedicure (No Charge)

_____ Other: _____

***Please note: Pain Medication (both injection and take home) is at the doctor's discretion for ALL procedures. REMEMBER this is already included on all declaw and spay procedures! However, this is not required or included for neuters only so, if your male cat is just getting a neuter procedure, would you like to have pain medication sent home after surgery?**

(this is a trans-dermal pain medication applied to the ear flap, cost is \$15.00) YES NO

List persons authorized to pick up your cats: _____

Signature: _____ Date: _____ Daytime Phone #: _____ Circle Preference: _____
Alternate Phone #: _____ Text or Call

THANK YOU FOR HELPING US TO PROVIDE THE BEST QUALITY OF CARE OF YOUR CAT!!
